DETAILED ACTION

Applicants' response, which included cancellation of claims 2, 15, 18, 23-27, 31, 32, and amendment to claims 1, 4-13, 16, 17, 19-22, 30 and 33, filed on 8/13/2007, is made of record. Claims 1, 4-13, 16, 17, 19-22, 30 and 33 are now pending.

In view of applicants' response, all 112 rejections and prior art rejections made in the previous office action have been obviated.

However, the following new ground of rejection necessitated by applicants' amendment is applied to claim 30.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 30 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claim 30 recites a pharmaceutical composition of the agent of claim 1 for which there is no written description in the specification. Note amended claim 1 is an agent comprising... while original claim 1 is a compound claim. Specification supports a pharmaceutical composition of a compound of original claim 1 but not an agent of

Art Unit: 1624

currently amended claim 1. Thus current amendment to claim 30 as introduced new matter.

Allowable Subject Matter

Claims 1, 4-13, 16, 17, 19-22 and 33 are allowed as prior art search in the related area did not teach or suggest the agent of claim 1 and the method of use of the agent.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
